ABOUT ME

Frontend Web Developer and Information Systems graduate with hands-on experience building responsive, user-friendly web applications using React, Vue.js, and Tailwind CSS. Skilled in developing clean UI components, integrating REST APIs, and delivering projects from concept to deployment. Background in IT research strengthens analytical thinking and technical documentation, while customer-facing experience has sharpened communication and problem-solving skills. A fast learner passionate about modern web technologies and collaborative team environments.

EDUCATION

Gunadarma University 2020 – 2024
Bachelor's Degree in Information Systems

WORK EXPERIENCE

IT Researcher Intern
M-Knows Consulting January 2024 – April 2024

- Conducted research on emerging technologies to support IT product and business development
- Collaborated with internal teams to analyze technology requirements and deliver research-based recommendations
- Prepared technical reports and documentation on technology implementation and industry trends
- Evaluated digital solutions to improve operational efficiency

Customer Retention Canvassing
Astra Credit Companies (ACC) June 2025 – November 2025

- Maintained relationships with existing customers through direct communication and field canvassing
- Delivered financing product information tailored to customer needs
- Increased customer engagement through excellent service and consistent follow-up
- Strengthened communication, negotiation, and problem-solving skills across diverse customer profiles

PROJECTS

SMAS Kristen Bethel Jakarta School Website

Technologies: React, Tailwind CSS, TypeScript
Developed a responsive school website to strengthen the institution's online presence and streamline access to academic information. The platform features structured navigation, dynamic content sections, and a mobile-friendly interface, enabling prospective students and parents to easily explore programs, announcements, and school profiles while reducing reliance on manual inquiries.

Firman Perabot Inventory Management System

Technologies: PHP, Bootstrap, TypeScript

Built an inventory management system to help a furniture business track stock levels, manage product data, and streamline daily operations. The system provides structured data entry, inventory monitoring, and reporting features, reducing manual record-keeping errors and improving operational efficiency for warehouse and sales teams.

KostMate — Boarding House Management Platform

Technologies: Next.js, Tailwind CSS, TypeScript

Designed and developed a boarding house management platform to simplify tenant administration, room availability tracking, and payment monitoring for property owners. The platform offers an intuitive dashboard and organized data views, helping landlords manage multiple properties efficiently while improving transparency for tenants.

Qurban Contribution Management System

Technologies: Next.js, Tailwind CSS, TypeScript, Node.js, MySQL

Built a full-stack platform to manage Qurban contribution programs, enabling organizers to track participant registrations, payments, and distribution records in a centralized system. The application streamlines contribution management with a structured database backend, improving transparency and reducing administrative workload during the Qurban season.

Teknik Abadi Inventory & E-Commerce Platform

Technologies: Admin — React, Tailwind CSS, TypeScript | User — Next.js, Tailwind CSS, TypeScript

Developed a dual-interface platform combining inventory management and e-commerce functionality for a technical equipment business. The admin panel enables efficient product and stock management, while the customer-facing storefront delivers a smooth browsing and ordering experience, supporting both backend operations and online sales growth.

TECHNICAL SKILLS

Programming Languages

HTML, CSS, JavaScript, PHP

Frontend

React.js, Vue.js, Tailwind CSS, Bootstrap

Database

MySQL

Tools & Platforms

Git, GitHub, Visual Studio Code, Microsoft Office, Canva, Draw.io, Figma (Basic)

SOFT SKILLS

Communication • Teamwork • Problem Solving • Adaptability • Time Management • Fast Learning • Attention to Detail

CERTIFICATIONS

- Internship Certificate – M-Knows Consulting (2024)
- Website Development Using HTML5 (2023)
- SQL Server Training (2022–2023)
- Desktop Programming Fundamentals (2021)
